

Your assignment for the day is to read the Thomas' Calculus, section 8.2, subsection on work. This is from the middle of pages 1152 through the top of 1155. Try to do some of the problems on work:

- §8.2 # 7, 10, 16, 21

Please read the document [RVectx0329.pdf](#), which answer some more of your questions.

Please respond to the Google Form "Ticket", and give me your questions.

There will not be another lesson tomorrow, but I will try to answer more of your questions.
