

I wish for you all to do these things.

Learn AMS LaTeX, and write up one of the problems assigned last week in it. Submit a PDF of the solution by email (for now). If you figure out how to post a PDF in Microsoft Teams, go ahead and do that. Then, let's discuss the solutions together.

If you get stuck TeXing *anything*, you can send me an email, or post to our Chat Room in Microsoft Teams.

If you get stuck on an idea from the problems below, you can send me an email, or post to our Chat Room in Microsoft Teams.

Let me know if you would like to set up a time for us all to get together for a "meeting". It could be videoconference, or just audio, or just chat.

The assigned problems were:

- Chapter 12 # 38, 44, 49
- Chapter 13 # 29, 41, 48, 55

- Chapter 15 # 12, 38, 63
