AP CALCULUS AB Dr. Paul L. Bailey

Lesson 03/26 Wednesday, March 25, 2020

Today I would like you to continue to practice with exponential growth and decay. Here is a Kahn Academy video with some word problems:

Kahn Academy Word Problems Growth and Decay

Please read the remainder of section 7.5, including the section on Newton's Law of Cooling.

Kahn Academy Newton's Law of Cooling

Watch at least one of these videos (both if you like them), and give a short review in the checkin form. Practice what you (may have?) learned by trying these problems:

• Thomas $\S7.5 \# 8, 14, 21$

When you are done, fill out the Google Forms Checkin:

0326 AP Calculus AB Checkin
