Review the document `RCatx0326.pdf` for solutions to a few of the previous problems.

Select two of the problems that I have *not* written a solution for. Typeset a solution in $\mathcal{A}\mathcal{M}\mathcal{S}$ $\mathbb{L}\mathbb{A}\mathbb{T}\mathbb{E}\mathbb{X}$. Compile your solutions into a .pdf. Email them to me before the end of the weekend.

The following website has a short guide to $\mathcal{A}\mathcal{M}\mathcal{S}$ $\mathbb{L}\mathbb{A}\mathbb{T}\mathbb{E}\mathbb{X}$. The source code and the compiled pdf are there, so you can compare them. If you get stuck on any command, just ask.
