AP Computer Science   Lesson 0330
Dr. Paul L. Bailey   Sunday, March 29, 2020

Your assignment for today is to continue working on you graph theory project. If you have not finished the cryptography assignment and would like to work on it more, you may. Ask questions in real time on Microsoft Teams; I may be able to help you immediately, but if I'm not watching, I will still get to them later.

Please read today's responses in the RCScix0330.pdf document.

After your have read this, please acknowledge that by filling out the following Google Forms checkin.
