

AP COMPUTER SCIENCE
DR. PAUL L. BAILEY

Lesson 0409
Thursday, April 9, 2020

Today you have a quiz. It is Q0409 in AP Classroom.

This weekend, feel free to take a break. If you would like to practice programming, I would like you to either 1) catch up on the Graph Theory project, or 2) get ahead on the Graph Theory project by working on more of the methods outlined in `PCSci35a-Was2017.pdf`.

Please feel free to send me a message any time on Microsoft Teams.
