Information from the College Board

The AP Computer Science A online exam is scheduled for Friday, May 15, at 1:00 PM Pacific Time.

Students will have 25 minutes to read and respond to Question 1, and then 5 minutes to upload their response. After uploading the response to Question 1, students will have 15 minutes to respond to Question 2, with 5 additional minutes to upload their response to Question 2. Once their response to Question 1 has been submitted, they cannot go back to it.

Question 1 will cover Arrays and/or ArrayLists, Question 2 will cover Methods and Control Structures.

I received this additional information from College Board.

Encourage your students to review their contact information. We're communicating with the AP community primarily by email. To ensure your students are receiving critical information, make sure they log in to My AP to remind themselves of the email address and cell phone number they've asked the College Board to use. If they want, students can change how we contact them. Two days before each exam, students will receive an email with a personalized e-ticket that will include their eight-character AP ID code. If a student still doesn't receive the email, they'll be able to access their e-ticket directly through My AP.

Today's assignment

Your assignment for today is:

- Acquire H0429 in file `HCScix0429.tex`. Do this problem, its a little practice with strings and (either) `if...else...` or `switch`. Upload the complete `LetterGrade.java` file in Microsoft Teams Assignment H0429.

- Please fill this out AFTER you have completed H0429.
