AP COMPUTER SCIENCE   Lesson 0430
Dr. Paul L. Bailey   Thursday, April 30, 2020

Information from the College Board

The AP Computer Science A online exam is scheduled for Friday, May 15, at 1:00 PM Pacific Time.

Students will have 25 minutes to read and respond to Question 1, and then 5 minutes to upload their response. After uploading the response to Question 1, students will have 15 minutes to respond to Question 2, with 5 additional minutes to upload their response to Question 2. Once their response to Question 1 has been submitted, they cannot go back to it.

Question 1 will cover Arrays and/or ArrayLists, Question 2 will cover Methods and Control Structures.

I received this additional information from College Board.

Encourage your students to review their contact information. We're communicating with the AP community primarily by email. To ensure your students are receiving critical information, make sure they log in to My AP to remind themselves of the email address and cell phone number they've asked the College Board to use. If they want, students can change how we contact them. Two days before each exam, students will receive an email with a personalized e-ticket that will include their eight-character AP ID code. If a student still doesn't receive the email, they'll be able to access their e-ticket directly through My AP.

Today's assignment

Your assignment for today is:

- Check out the new AP Testing Guide 2020.

- Review solutions to H0428. The problem itself is in `HCScix0429`. The AP's scoring guidelines are in `HCScix0429_SG.pdf`. My java code is in `HCScix0428.java`. I filmed myself typing this code, if you want a laugh, watch the videos in Videoland.

- Do problem H0430 in `HCScix0430.pdf`, it will be due tomorrow night. Upload your solution in the appropriate Microsoft Teams assignment.

- Please answer the important question at

0430 AP Computer Science Checkin
