

VECTOR CALCULUS  
DR. PAUL L. BAILEY

Lesson 0501  
Friday, May 1, 2020

To my Vector Calculus with Linear Algebra students,

We covered much material over the course of this year. I want to thank you for your attention and your dedication to your studies. It was an honor to be given the chance to teach such advanced material to high school students, and I enjoyed this year, in spite of its unusual ending.

Have a great summer to whatever extent that is possible. Relax, stay safe, stay healthy.

Regards, Dr. Bailey
