

Information from the College Board

The AP Computer Science A online exam is scheduled for Friday, May 15, at 1:00 PM Pacific Time.

Students will have 25 minutes to read and respond to Question 1, and then 5 minutes to upload their response. After uploading the response to Question 1, students will have 15 minutes to respond to Question 2, with 5 additional minutes to upload their response to Question 2. Once their response to Question 1 has been submitted, they cannot go back to it.

Question 1 will cover Arrays and/or ArrayLists, Question 2 will cover Methods and Control Structures.

- Practice the framework for the actual AP using this exam demo.
- Review the required and recommended resource list.
- Carefully read the AP Testing Guide for 2020.

- Check out AP 2020 mock exams here.
- Check out AP 2020 videos here.

- I have posted a link to the AP Checklist.

Print one of these *for each of your AP's*, and physically fill it out.

Today's assignment

Your practice for today is:

- Work through CSA Mock Exam 1, Question 1 and Question 2. Upload your solutions into the appropriate Microsoft Teams Assignment for feedback.
- Complete H0511 on AP Classroom.
- Check out my solution to the `public static int rotate(int n, int r)` method.

0512 AP Computer Science Checkin

I was asked for advice on answering the open answer question. Thanks for the question! Let me spend some time working through that, and I will respond tomorrow. Go ahead and post in the assignment your best notion of what to do. I'm sorry I didn't finish grading all of your stuff yesterday; my phone fell in the jacuzzi Sunday night and I wasted a lot of time yesterday trying to get it replaced. And to add insult to injury, the jacuzzi ran out of gas. That's what you call, "first world problems".
