

This is a prompt from AP Classroom 1.1: Daily Video 3.

**Problem 1.** Think of a psychological disorder, or a symptom of a psychological disorder. Try to give it a short name, and also, a reasonably concise description.

Now, try to explain it from each of the three approaches discussed in the video.

**Problem 2. (Biological)**

Explain this disorder or symptom from the biological perspective.

**Problem 3. (Humanistic)**

Explain this disorder or symptom from the humanistic perspective.

**Problem 4. (Sociocultural)**

Explain this disorder or symptom from the sociocultural perspective.
