

Read the following story. Then respond to the three prompts.

**Fable: The Zax**

Dr. Seuss (1961)

"You are blocking my path. You are right in my way.  
I'm a North-Going Zax and I always go north.  
Get out of my way, now, and let me go forth."

"Who's in whose way?" snapped the South-Going Zax.  
"I always go south, making south-going tracks.  
So you're in MY way! And I ask you to move  
And let me go south in my south-going groove."

Then the North-Going Zax puffed his chest up with pride.  
"I never," he said, "take a step to one side.  
And I'll prove to you that I won't change my ways  
If I have to keep standing here fifty-nine days!"

"And I'll prove to YOU," yelled the South-Going Zax,  
"that I can stand here in the Prairie of Prax  
For fifty-nine years! For I live by a rule  
That I learned as a boy back in South-Going School.  
Never budge! That's my rule. Never budge in the least!  
Not an inch to the west! Not an inch to the east!  
I'll stay here, not budging! I can and I will  
If it makes you and me and the whole world stand still!"

Well ... Of course the world didn't stand still. The world grew.  
In a couple of years, the new highway came through  
And they built it right over those two stubborn Zax  
And left them there, standing un-budged in their tracks.

**Problem 1.** The *thesis* of an article is a claim or position on an issue or topic put forward and supported by evidence.

(a) What is the author's thesis? That is, what is the moral of this story?

(b) What is the author's argument? That is, what evidence does he present to support his thesis?

(c) What counterarguments might be given?
